- Billed repair - no quotation
Fixed price from the official price catalogue will be charged
- Contract (or Site ID) Contract No.:
- Advance exchange Contract No.:
- Scrap per Customer request

TERMS & CONDITIONS:

- A copy of this form (with RMA number whenever applicable) is to be included with defective unit upon shipment.
- Do not send consumable items – batteries, antennas, cables, SIM/memory cards - unless related to the nature of the fault.
- Please note that a 60 euro handling fee, or equivalent, might apply if a quotation is not approved within 30 days of being issued, rejected, or disputed.
- Handling fees will also be charged for devices shipped to the incorrect repair location. Please be aware that warranty may be void if any unauthorised activities are detected.
- If warranty/contract is not confirmed, a quotation will be issued.
- Turn around time will be in accordance with your entitlement.
- If the software upgrade is not part of the repair then a charge may be applied.
- Most accessories are non-repairable. Faulty accessories will only be exchanged under warranty. In case warranty expired customer should purchase a new accessory.
- Faulty accessories should not be shipped to the Repair Center; exchange should be requested by completing the RMA form and emailing it to repair.emea@motorolasolutions.com.
- For Motorola, customer codeplug could potentially be non compatible with new (higher) FW version. In such case depot will state "Customer codeplug is not compatible with the new version FW, please reprogram the radio" in repair summary and a default codeplug will be loaded.
- For codeplug programming, if chosen by default, any return bounce unit which is related to codeplug, will not be processed as a bounce job.
- By submitting repairs that are deemed to be for ATEX/IECEX products, you understand and agree to have the responsibility to ensure the ATEX/IECEX repair certification documents sent out with the repaired radios are sent to the user/owner.
